How will corporate wear benefit your company?

ENHANCE YOUR COMPANY IMAGE

What your employees wear, says a lot about your company's status. Wearing a corporate wardrobe, prohibits staff dressing inappropriately for the workplace.

After all, first impressions DO COUNT.

IMPROVES CUSTOMER SERVICE

Uniformity and a united team, projects professional service, product confidence, and eager to serve your customers!

DRESS FOR SUCCESS

A dress code eliminates the need for creating and enforcing a dress code. When your employees look good, they feel good, and selling your product or service becomes easy.

ALL FOR ONE AND ONE FOR ALL

Employees wearing a corporate wardrobe, share a feeling of commonness and belonging. Bringing each employee to the same platform, which is good for self-esteem and confidence. Looking and feeling like a team increases productivity and company morale.

STAND OUT FROM THE CROWD

Corporate wear creates a distinction amongst your competitors and lends visibility to members of the public, and to customers.

WE OFFER CONTINUITY

You can repeat an order when you have a new staff member. You can order any combination of sizes, styles and colours.

How will corporate wear benefit me, the employee?

SAVE MONEY

No need to spend a fortune to look your best every day. Close your clothing accounts, as the company pays or contributes towards your corporate wardrobe.

SAVE TIME

No more endless hours wasted in the morning, deciding what to wear.

EASY CARE

All our garments are easy care and machine washable, allowing you to wash and wear with little to no ironing required.

It's as easy as wash & go!

DRESS FOR SUCCESS

When you look good, you feel good. Selling yourself and your product becomes easy! With so many style options to choose from, you can keep your own identity while looking like a member of the team.

A full-page photograph of a woman from the waist up, standing in front of a large window. She is wearing a taupe-colored blazer over a black top, paired with black trousers. She is holding a dark blue leather briefcase in her left hand. Her hair is short and dark. The background shows a blurred cityscape through the window.

OUR FABRICS are imported, and our relationships with our suppliers have been in excess of 20 years.

We are supplied with test results for pilling, slippage, shrinkage and colour fastness from our suppliers, with each fabric consignment.

In addition to that, we have our own fabric lab on our premises, and each fabric consignment is put through our own rigorous fabric tests.

Fabric testing results are available on request.

6 Winning advantages of the SilverLife™ collection

Specialized Fabrics

Silver+ Protection.

A high performance fabric that helps regulate body temperature, keeping you cool, dry and comfortable.

SILVER+ yarn have anti-bacterial properties which make it the most innovative technology in healthcare fibre construction. It blocks oxygen-transporting enzymes, preventing cross contamination and inhibits body odour.

The need to maintain a team environment

Reinforce a strong unified image.

Start by choosing your base colour from our range of colours. This may be your corporate brand colour or department specific colour.

The Healthcare industry is often divided into occupational categories. As colour is the sole identification tool between staff and patients, we offer a range of styles and designs within a colour story, ideal for differentiation with uniforms.

Tailored designs with complementary colours mean a positive response from staff.

Strong Identification

Making it easier for clients to know who is providing care.

Clear recognition of staff.

Visiting hospitals and care facilities can be a stressful experience. Uniforms play an important identification role for patients as to whom is providing their care.

Practical function.

Our styles are practically designed to reflect the different roles within your care function and to make your staff easily recognizable.

Garments That Work As Hard As You Do

Styles designed for the active work environment.

We have also taken into consideration the physical nature of your role and your requirements that garments are easy care, comfortable and durable.

Continuity

Quality and service you can rely on.

Imagemakers designs and manufactures all our garments right here in South Africa, ensuring quality craftsmanship. We have over 35 years of experience.

Design And Finishes

Helping you meet the demands of the day.

Range of styles.

All our styles are designed to be easy to wear, flattering to all shapes and sizes and available in a versatile colour palette.
