

In-store Demo
& PROM DISPLAYS

Welcome to our In-Store Demo & Promo Display Hardware Catalogue

This catalogue presents a range of elements that are purpose designed for the in store promo environment with it's very specific portability requirements. All elements are designed with ease of use, functionality, affordability, ease of transport and installation being the key deliverables.

A critical issue to consider when selecting elements for in store is that whilst all elements are suitable to be used for an in store promotion, NOT all elements can be distributed on public transport. This issue is an important consideration for campaigns and is often overlooked when selecting a suitable unit.

Elements that we consider to be public transport friendly are identified with the following icon:

All elements shown are in their standard format but may be customised to suit client specific requirements. All final unit costs are specification and volume dependent specific. All enquiries can be sent to outoftheboxmedia@hotmail.com.

Beg to differ.

Clip On Promo Trays

An original product borne by the ever-increasing competition for in-store dominance, our unique Clip-On Promo Tray allows a promoter to effortlessly carry a unit into store, clip it onto an existing in-store merchandising shelf in under 10 seconds and conduct their promotional activity without hindering foot traffic and causing congestion.

The adaptable attachment mechanism can be fitted to shelf depths from 1.6mm mild steel shelves up to 32mm wood counter top, as per sample images shown.

Features

- Clip on metal framed mechanism with vacuum formed work surface
- Work surface area 375mm (w) x 295mm (d)
- Header & kicker branding panels supplied separately and mount with velcro attachments
- Supplied in mini carry bag for ease of transport

Selfie Standees / Standard

Our most recent and ultra unique product release is an entry level standee purpose designed for cost effective fabrication. The ultra-innovative design allows them to self- stand and thus with no sub-structure are shipped absolutely flat packaged to realise maximised savings when distributing high volume orders.

Standing at 1100mm(h), there are two widths available as standard. The Mini Selfie measures 400mm (w) and the Maxi Selfie at 600mm (w). Both units fit within the 1500mm (h) height restriction that most retail environments allow and thus are a perfect product for short term, high visibility promotional branding applications.

Features

- Printed & contour cut panels with self standing functionality
- Mini 400mm (w) and Maxi 600mm (w) x 1100mm(h) options
- Unit supplied semi assembled and ultra flat packaged for tool free assembly **in under 30 seconds**
- Supplied plastic wrapped and bulk packaged / or individually if required – client to request choice upon ordering.

Options

- Permanent metal base option for repeated use with new graphic panels

Assembled Size: Mini : 400mm (w) x 400mm(d) x 1100mm (h)
Maxi: 600mm (w) x 400mm(d) x 1100mm(h)

Packaged Size: Mini: 1130mm (l) x 430mm (d) x 30mm(h)
Maxi: 1130mm(l) x 430 mm(d) x 30mm(h)

Unit Weight: 0.6 kg

Stellar MINI Eventing Table / with or without header option

This rectangular shaped table with melamine work surface is most suitable for hot demo activity when utilising heated cookers etc.

The melamine surface withstands temperatures and is more stable than the more lightweight vacuum formed surfaces.

Features

- Lightweight modular plastic sub-structure in black, white or silver as standard colour ways
- Laser cut melamine work surface **1000mm (w) x 550mm (d)** in **white or black** as standard colour options
- Digitally printed flex face table wrap with Velcro attachments
- Digitally printed header, single sided as standard
- Digitally printed work surface cladding with clear protective over lamination for maximised durability
- Standard with internal base and central shelving levels
- Units supplied semi assembled with 3D assembly instructions
- Units assemble in under 5 minutes with tool free assembly.
- Supplied with carry bag & box packaged for secure distribution

Options

- Header assembly with printed header panel, single or double sided
- Additional graphic panel to close rear of table off
- Caster wheels for ease of mobility in-activation

For functional eventing purposes any specialised elements can be sunken into the work surface such as ice buckets, cup holders, product stands, brochure dispensers etc.

Assembled Size: 1000 mm (l) x 600mm (d) x 1000mm (h)

Packaged Size: 1100mm (l) x 180mm (w) x 760mm (h)

Unit Weight: 15kg
