

RECYCLING

KEY

OUR INKS

- Our new UV Printing process uses inks that do not release VOCs (Volatile Organic Compounds).
- Our water-based Dye Sub ink is categorized as a “green” ink, according to the strict European ecological standards.

OUR METALS

- All our Aluminium products are reusable and 100% recyclable.

Look out for our recycling logo on our brochure pages and see how you too can help protect the environment. We give our clients the option of recycling and offer recycling service – speak to your Sales Consultant.

OUR FABRICS

- Our various polyester-based fabrics, as well as our PVC off-cuts are reused to make a difference in communities. These have been used to make aprons, carry bags, pencil cases, curtains and even school shoes and soccer boots.

EASY MANUAL ASSEMBLY

Quick to erect and collapse, both indoors and outdoors without the need for additional tools.

QUICK ASSEMBLY TIME

Quick to erect and collapse for set-up without the need for assistance.

WEATHER RESISTANT

Durable materials used in construction makes these products usable in any weather conditions.

PORTABILITY

Supplied in a hardwearing carry bag making them easy to transport and simple to store.

DOUBLE SIDED

Can be manufactured with double sided print.

INTERCHANGEABLE GRAPHICS

Printed graphics can be changed simply and easily.

ILLUMINATED

This product is illuminated and is visible at night. Batteries required.

DENOTES WIDTH

Width of banner when completely open.

DENOTES HEIGHT

Height of banner when completely erected.

PARASOLS

WITH LONG LASTING UV PRINT

- Our parasols utilize a specialized UV printing process that is changing the world of digital printing. Not only is UV ink environmentally friendly, as it does not release VOCs (Volatile Organic Compounds) into the atmosphere, but it also ensures long-lasting, vibrant print that radically improves the outdoor lifespan. Our high quality UV print on heavy duty fabric makes us a front runner in this new era of outdoor branding.
- The Parasol has an octagonal anodized aluminium pole making it durable and stable
- The Parasol Pole can be supplied as a fixed piece or as a collapsible unit. The collapsible option allows the bottom half of the pole to slide inside the top half of the pole, making the product easier to handle and transport
- Supplied with a slip cover to protect the product in transit and storage
- Concrete Bases and attachments are sold separately
